

### **Briese Award for Marine Science**

Since 2010 the shipping company Briese Schiffahrts GmbH & Co. KG (Leer, Germany), together with the Leibniz Institute for Baltic Sea Research Warnemünde (IOW), grants the „BRIESE Award for Marine Science“. This annual award honors exceptional doctoral theses in marine science. The results of the dissertations submitted should have been closely depended on the use of research vessels, or should relate to the development of technologies and/or data acquisition at sea. Primary criterions for the award are the outstanding results of the dissertation and their importance for the marine science. The award is endowed with price money of 5000 €.

Application is open to scientists who graduated within the last 2 years from a German university with grades of very good (magna cum laude) or with honors (summa cum laude). The call is open to all disciplines of marine science including marine technology.

Application procedure is now open. **Cut-off date: 16 October 2017**

The **application documents** should be submitted in printed as well as in digital form and should include as follows:

- short curriculum vitae incl. a list of publications
- doctoral certificate
- a copy of the doctoral thesis
- short (max. 2 pages) explanation and comments about why the submitted work is worthy of being awarded incl. comments on the particular scientific relevance of the work
- short description of the voyages on board the research vessels

Please send the application to

Leibniz-Institut für Ostseeforschung Warnemünde
