Basics in GIS & Introduction to ArcGIS Desktop 10.x

Dr. A. Haas, AWI

Dates in 2015

13 – 15 November 2019

AWI Bremerhaven, room to be announced

Language:

English

Target group:

Doctoral candidates
Postdocs

POLMAR credit points:

3

Registration:

antonie.haas@awi.de

Course content:

This course offers an introduction into ESRI ArcGIS 10.x.

The course covers fundamental GIS concepts as well as how to query a GIS database, manipulate tabular data, edit spatial and attribute data, and using maps. Beside others, participants learn how to use ArcMap, ArcCatalog, and ArcToolbox and how to manage their own data.

Target group:

Beginners with no or little GIS experience who are planning to work with ArcGIS 10.0 during their PhD project or Postdoc phase. Participants should bring their own data sets.

Pre-requisites:

Laptop computer
